### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with W. Warren Taltavull on March 29, 2006. The application has been amended as follows:

In claim 1, line 2 from the bottom, "of said" (second occurrence) has been deleted.

Claim 13 has been canceled.

In claims 14 and 15, line 1, "A wall element according to claim 13" has been changed to --A combustor for a gas turbine engine according to claim 1--.

The following is an examiner's statement of reasons for allowance:

The claims are deemed allowable because the prior art does not teach or reasonably suggest a combustor for a gas turbine engine having an outer wall, an inner wall element comprising a main body member, a plurality of heat removal members on the main body member extending from the main body moving towards the outer wall, and a downstream facing surface on at least one of the heat removal members having a thermal barrier coating.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
